

President's Message

Greetings!

Look forward to a 2012/2013 season of active inclusive membership! All information & library workers: volunteers, paraprofessionals, professionals, retirees, employed, unemployed, and students are making this happen by sharing best practices, ideas, and accomplishments. Come to the Fall Workshop October 19th.

Appreciate efforts of LAB members that came before us! Build upon their legacy and continue to learn and progress. Don't let our Space Coast travel distance keep us from connecting, sharing, and networking. Social media presents multiple opportunities to get to know each other. If you want to unplug from 2.0 it is fine to use an old style telephone.

Benefit our LIS community and users of our services through partnerships! Please don't go another season

-continued-

without reaching out to potential library and information workers.

Special thanks to everyone that commits to support LAB!

Sincerely,

Janice

Janice Murray
President
Library Association of Brevard

Notable News

LAB needs volunteers for officer positions on the Executive Board.

There is an *immediate* opening for a Membership Chairperson. Also, a candidate for the office of Treasurer must be found before the spring general meeting in 2013.

If you have any questions concerning the duties of these positions, please contact LAB Vice President, Kellie Sparks at ksparks@keiseruniversity.edu.

Please consider volunteering for one of these available positions!
